

## NW Region Career and Talent - Action Learning Sets

# Career and Talent BAME Action Learning Sets

We are offering staff from Black and Ethnic Minority backgrounds in the **North West Region** an opportunity to join our Career and Talent focussed Action Learning Sets.

We want to equip staff to reach their career aspirations and nurture their talent.

Action Learning Sets enable staff to support, challenge one another. They are groups of 4 – 8 people coming together on a monthly basis to discuss work related issues or challenges. Open questions are asked and the process is non-directive i.e. not giving advise, the environment is safe, supportive and confidential.

Launching in September the Action Learning Sets will take place monthly over a period six months.
